Dear Organisation Leader.

The Rotary club of Barrhead is in a position to offer small grants of £50 to £100 to assist organisaations who currently operate in Barrhead, Neilston, Uplawmoor and surrounding areas. The grant level has been set to assist as many groups as possible in those areas.

We would welcome applications which clearly show how a one off grant of this nature would assist your organisation in achieving it's goals. Applications can be sent to myself, David Miller either by email at weewazaol.com or post. These should state the number of members of your organisation and the ages of members which your group covers.

Applications will be considered and approved by members of the Rotary Club of Barrhead at our regular fortnightly meetings and as we need to seek additional information in respect of some applications it would be helpful to receive contact details of the organisation representative who can provide such information.

Yours sincerely,

David Miller

Treasurer Barrhead Rotary Club.
